

Getting to know your Echo Dot

Also included: Power adapter

1. Download the Amazon Alexa app

Download and install the latest version of the Alexa app from the app store.

2. Plug in your Echo Dot

Plug your Echo Dot into an outlet using the included power adapter. A blue light ring will spin around the top. In about a minute, Alexa will greet you and let you know to complete setup in the Alexa app.

3. Set up your Echo Dot in the Alexa app

Open the Alexa app to set up your Echo Dot. Log in with an existing Amazon account username and password, or create a new account. If you aren't prompted to set up your device after opening the Alexa app, tap the More icon to add your device manually.

The app helps you get more out of your Echo Dot. It's where you set up calling and messaging, and manage music, lists, settings, and news.

For help and troubleshooting, go to Help & Feedback in the Alexa app or visit www.amazon.com/devicesupport.

Optional: Connect to a speaker

You can connect your Echo Dot to a speaker using Bluetooth or an AUX cable. If you are using Bluetooth, place your speaker at least 3 feet away from your Echo Dot for optimal performance. If you are using an AUX cable, your speaker should be at least 0.5 feet away.

Getting started with your Echo Dot

Where to put your Echo Dot

Echo Dot works best when placed in a central location, at least 8 inches from any walls. You can put Echo Dot in a variety of places—on a kitchen counter, the end table in your living room, or a nightstand.

Talking to your Echo Dot

To get the attention of your Echo Dot, simply say "Alexa."

Designed to protect your privacy

Amazon designs Alexa and Echo devices with multiple layers of privacy protection. From microphone controls to the ability to view and delete your voice recordings, you have transparency and control over your Alexa experience.
